

New Jax Kitchen floor cleaning Policy:

I Understand this policy:

Your name: _____ Company Name: _____

Any time your company uses any area of the building for **more than 30 minutes:**

- 1. Sweep the area**
- 2. Mop the area** (please do not leave floor wet – wring the mop out – damp is expected - try to limit tracking of water)
- 3. Sweep and mop any other areas** that you made **potentially dirty**

(including hallways and front door area used to **move carts & equipment in/out**).

I understand that *you don't really make the floor dirty...*

I understand that the *last company clearly didn't mop/clean ... (leave me a note, I will get their attention)*

I will not ask; If I determine that **your company did not Sweep & Mop**, I will:

1st time = invoice a **\$35 charge**

2nd time = invoice a **\$70 charge**

3rd time = impose a **15-day suspension** of use of Jax Kitchen

4th time= **termination of privileges** at Jax Kitchen

Dirty mops heads can be dropped in the bucket. Reusable mop heads can be left on the mop stick for the next user.

Jax Kitchen never agreed to clean-up after our clients.

Thank you for your cooperation,

Vance & Dana
